

Hematologist

About the Position:

The provincial hematology program focuses on the diagnosis and treatment of patients with both benign and malignant hematological conditions, including full provision of autologous and allogeneic stem cell transplant services at our Saskatoon location.

The position will have responsibilities in the care of both benign and malignant patients, the proportion of each to be determined in collaboration with the team.

Our hematologists are eligible for a clinical appointment in the Division of Oncology, College of Medicine at the University of Saskatchewan and are also involved in teaching medical students and residents including at the undergraduate and graduate level.

Job Requirements:

Education

- Degree in Medicine with subspecialty training in internal medicine and hematology.

Experience

- Experience in benign and malignant hematology considered an asset.

Credentials

- Must be eligible for licensure with the College of Physicians and Surgeons of Saskatchewan.
- Must be eligible for membership and privileges with the Saskatchewan Health Authority.

Other

- Eligible for Canadian Medical Protective Association (CMPA) coverage or equivalent
- Written and verbal fluency in English

About Us

The Saskatchewan Cancer Agency is a provincial healthcare organization dedicated to providing cancer care for the people of Saskatchewan. Our compassionate and knowledgeable team provides leadership in health promotion, early detection, treatment and research for cancer.

We run two cancer centres, the Allan Blair Cancer Centre in Regina, and the Saskatoon Cancer Centre. We also provide services in rural communities in partnership with hospitals through the Community Oncology Program.

Our vision is a healthy population free from cancer, and our more than 900 dedicated employees work hard every day towards this vision.

For the past 90 years, our teams have been leading revolutionary technologies that help make our treatments as effective as possible to help our patients live longer, fuller lives.

In 2022, the Cancer Agency received an Exemplary Standing for safety and quality from Accreditation Canada, the highest achievement a health care organization can receive.

Note: All positions at the Saskatchewan Cancer Agency require a criminal record check.
